Roast Number: 2
Date: Oct 05, 2014
Time: 11:00 pm Green Hill
Ambient Temperature: 26
Ambient Humidity: 55
Prog: AD2

Bean: Mexican Mountain Water Decaf - Organic RFA Utz Kapeh
Origin: La Selva Coop Chiapas Mexico
Weight Before: 250 grams
Weight After: 220 grams 12% Reduction
Load Temp: 75 Bean Probe

First Crack Start Time: 11min 49sec
First Crack Temp: 180.9 Bean Probe

First Crack End Time: 13min 18sec Bean Probe
First Crack End Temp: 185.8 Bean Probe

Eject time: 13min 31sec
Eject Temp: 186.2 Bean Probe

Time Between Cracks: 1min 29sec

Drink this on day: 7

Roasting Notes:
Post-Roast nice dark beans with no oil and no visible defects

Cupping Notes:
Day2: grinds well. Little smell. Pours with nice crema. Tastes immature. Weak flavour. No bitterness and okay aftertaste.
Day4: grinds well. More pleasant smell. Good Crema. Nice pour. Crema dissipates before adding milk. Taste isn't strong. Not unpleasant. No bitterness ...just very little taste.
Day5: Nice smell on grinding. Crema on pour. Still no oil on beans. Taste is a very nice initial strong flavour that continues throughout. No bitterness. Nice aftertaste.
Day 6: Excellent strong taste throughout. No bitterness. Excellent aftertaste - can handle longer extraction.
Day7: Extracted for a very long time. Very strong throughout. No bitterness. Very nice taste, with a slight, pleasant charcoally taste. Wouldn't want to extract any more.
Day8: Excellent strong taste throughout. No bitterness. Very nice aftertaste. Lovely.
